15/16 JUN 2026

PRELIMINARY PROGRAM: MONDAY JUNE 15, DAY 1

08:30 - 08.35 uur **Opening**

08.35 - 09.30 uur **Clinical Update 1: Endoscopy in pancreatitis, from diagnosis to therapy**

08.35 - 08.50 uur Imaging work up for acute and chronic pancreatitis

08.50 - 09.05 uur When to intervene endoscopically in necrotizing pancreatitis

09.05 - 09.20 uur Endoscopic therapy in chronic pancreatitis: who, when, how

09.20 - 09.30 uur Panel Discussion

09.30 - 10.30 uur **Live Endoscopy 1**

10.30 - 11.00 uur **Coffee break & Visit Exhibits**

11.00 - 11.20 uur **State of the Art Lecture 1**

Managing difficult bile duct stones: From ERCP to cholangioscopy

11.20 - 12.20 uur **Live Endoscopy 2**

12.20 - 13.45 uur **Lunch & Visit Exhibits**

13.45 - 14.45 uur **Clinical Update 2: Endohepatology, the liver from the inside out**

13.45 - 14.00 uur Functional EUS tools: elastography, shear-wave and doppler in clinical practice

14.00 - 14.15 uur EUS guided liver biopsy - indications and technique

14.15 - 14.30 uur EUS guided targeted variceal therapy; rescue or routine?

14.30- 14.45 uur Panel Discussion

14.45 - 15.45 uur **Live Endoscopy 3**

15.45 - 16:15 uur **Tea break & Visit Exhibits**

16:15 - 16:35 uur **State of the Art Lecture 2**

Expanding the indications for EUS-guided anastomoses

16.35 - 17.30 uur **Break out sessions**

Session 1 ERCP or EUS-BD: How should we drain the bile duct?

Session 2 Managing ERCP related complications in the endoscopy suite

Session 3 How do you stay a skilled endoscopy nurse in the rapidly evolving HPB field?

17.30 - 19.00 uur **Drinks with the faculty**

15/16 JUN 2026

PRELIMINARY PROGRAM: TUESDAY JUNE 16, DAY 2

- 08.30 - 09.30 uur** **Clinical Update 3: Indeterminate biliary strictures - from uncertainty to clarity**
- 08.30 - 08.45 uur Cracking the code of the indeterminate biliary stricture
- 08.45 - 09.00 uur Endoscopic drainage of complex hilar strictures - strategy and technique
- 09.00 - 09.15 uur Cholangioscopy for indeterminate biliary strictures
- 09.15 - 09.30 uur Panel Discussion
-
- 09.30 - 10.30 uur** **Live Endoscopy 4**
-
- 10.30 - 11.00 uur** **Coffee break & Visit Exhibits**
-
- 11.00 - 11.20 uur** **State of the Art Lecture 3**
Emerging EUS-guided therapies for pancreatic lesions
-
- 11.20 - 12.20 uur** **Live Endoscopy 5**
-
- 12.20 - 13.45 uur** **Lunch & Visit Exhibits**
-
- 13.45 - 14.45 uur** **Clinical Update 4: EUS guided biliary drainage; from learning curve to mastery**
- 13.45 - 14.00 uur How to master therapeutic EUS; from training to practice
- 14.00 - 14.15 uur EUS-guided gallbladder drainage: indications and pitfalls
- 14.15 - 14.30 uur EUS-guided hepatogastrostomy: when, why and how
- 14.30- 14.45 uur Panel Discussion
-
- 14.45 - 15.45 uur** **Live Endoscopy 6**
-
- 15.45 - 16:15 uur** **Tea break & Visit Exhibits**
-
- 16:15 - 16:30 uur** **State of the Art Lecture 4**
Image-guided ERCP: Integrating CT and MRI for precision biliary intervention
-
- 16:30 - 16:45 uur** **Follow up of the live cases on clinical outcome and pathology reports**
-
- 16:45 uur** **Closure, Adjourn and Drinks with the faculty**
